

Problem and solution

Match the problems Alex faces with their solutions.
Be careful, some solutions are in two stages.

jumping from a ledge outside a window on the fifteenth floor	grab a parachute and jump out, only to find he flies after you	set off your smoke bomb Game Boy inside the plane
being caught sneaking around Sayle Enterprises	lure a rider towards a fence then dive out of the way	use zit cream to smash open the tank
mistakenly saying your real name	pretend you're looking for the toilet	grabbing hold of the flag and gripping on, dangling in mid air
being chased by two riders on 4 x 4 quad bikes	pretend you're nicknamed after a famous football manager	use the abandoned wet suit
swimming through the underwater tunnel	reaching for a flagpole and missing it	use the abandoned quad to go after the other one
landing in a giant tank with a deadly, giant jellyfish	find yourself in a plane with Mr Grin
