Sticker shop

- Choose a sport sticker to buy.
- Write the sport in the chart.
- Write how much the sticker cost.
- Work out the change from 20p.
- Write the change in the chart.
- Do this four more times.

 10p football	 12p car racing	 8p ice-skating
 15p swimming	 13p judo	 9p dancing

I chose	It cost	Change from 20p

Dear Helper

This activity is designed to help your child to work out the change from 20p for different prices. If your child finds this difficult, use real money: ask them to find the change by picking up coins. For example, for a price of 8p, 2p more makes 10p and 10p more makes 20p. So the change is 12p. Alternatively, your child could count up in pennies, then change these for the smallest possible number of coins. If your child has completed the activity, challenge them to find the change from 20p for two stickers.
